K–8516 MASTERSHOWER® SLIDE BAR KIT

- 22–3/4”
- Solid brass construction for durability and reliability
- KOHLER finishes resist corrosion and tarnishing, exceeding industry durability standards two times
- For use with MasterShower showering components
- The MasterShower slide bar kit integrates with other MasterShower components to create a performance showering system. Available in an array of KOHLER finishes, the kit includes the bar, a soap dish and a 60” metal shower hose with a swivel base.

K–9513 MASTERSHOWER® WALL SUPPLY ELBOW

- Wall–mount installation
- Allows a handshower hose to be mounted nearly flush to the wall
- Solid brass construction ensures years of reliable performance
- KOHLER finishes resist corrosion and tarnishing, exceeding industry durability standards two times
- The MasterShower wall supply elbow functions in a MasterShower performance showering system and allows a handshower hose to be mounted nearly flush to the wall. It features solid brass construction and comes in a variety of KOHLER finishes to customize your bathroom décor.

K–8543 MASTERSHOWER® RELAXING ECO HANDSHOWER

- Features three unique spray settings with a turn of the easy–grip ring
- Relax mind and body in a wide soft coverage spray
- Enjoy a gentle massage from a rhythmic pulse spray
- Calm your body and mind in the warmth of soft aerated spray
- Flexible spray nozzles prevent hard water buildup and are easy to clean
The Escale dual flush elongated toilet offers styling that integrates with the European contemporary design of the Escale Suite.

- Dual flush option (1.6 or .8 gallons)
- Elongated toilet bowl
- Includes top-mount flush actuator and seat, less supply
- 12” rough-in; does not use a typical floor flange – please read installation instructions before purchase

Drawing its inspiration from the pure, sleek geometry of Minimalism, Stillness is as much artistic as it is functional.

- Two-handle widespread lavatory faucet for 8” – 16” centers
- KOHLER ceramic disc valves exceed industry longevity standards two times for a lifetime of durable performance
- Premium material construction for durability and reliability
- KOHLER finishes resist corrosion and tarnishing, exceeding industry durability standards over two times

The most spacious KOHLER® undercounter lavatory

- Exterior dimensions: 20−7/8” x 14−3/8”
- Interior dimensions: 18” x 12”
- Vitreous china
- Undercounter installation
K-T10940-4 STILLNESS® THERMOSTATIC VALVE TRIM WITH LEVER HANDLE

- Patented K-joint installation ensures consistent trim appearance, regardless of variability in valve rough-in
- Ergonomic lever handle is ADA-compliant
- Trim requires valve to complete
- KOHLER finishes resist corrosion and tarnishing, exceeding industry durability standards over two times
- Streamlined elements and understated sophistication are the essence of Stillness® faucets. Paired with a MasterShower® thermostatic valve, this Stillness thermostatic valve trim ensures safe and accurate water temperature and consistent, luxurious flow rates. Its pared-down approach to design is an ideal accompaniment to contemporary showering environments.
K–942–4 STILLNESS® WIDESPREAD LAVATORY FAUCET

K–7715 Lavatory grid drain

K–19796 ESCALE® TWO–PIECE ELONGATED TOILET WITH SEAT

K–7637 Angle supply with stop, annealed vertical tube and 3/8" NPT
K–6331 EVOKE™ SINGLE CONTROL PULLOUT KITCHEN FAUCET

- Streamline contemporary styling makes clean-up and maintenance simple and quick.
- Spout rotates 360 degrees with 10” clearance below spout for maximum versatility and use with large pots and pans
- Compact three-function sprayhead with spray, aerated flow and pause function for operation outside the sink area.
- ProMotion® technology’s light, quiet nylon hose with ball joint configuration on the pullout sprayhead provides superior ergonomic and easy-to-use functionality
- Features MasterClean® sprayface that resists mineral buildup and is easy to clean/maintain
K-19796 ESCALE® TWO-PIECE ELONGATED TOILET WITH SEAT
• The Escale dual flush elongated toilet offers styling that integrates with the European contemporary design of the Escale Suite
• Dual flush option (1.6 or .8 gallons)
• Elongated toilet bowl
• Includes top-mount flush actuator and seat, less supply
• 12" rough-in; does not use a typical floor flange – please read installation instructions before purchase

**Included components:**
- Seat E1417
- S-Trap waste fitting 1070830
- Mounting hardware E5511-NF
- Mounting template 1062114-7
- Bowl K-19038
- Tank K-19039

**Installation Notes**

A 4” D. waste outlet is required for this installation.
A 1” (2.5 cm) gap between the toilet and the wall is required.
A flange is not required for installation of this product. If this installation will be to new construction, do not install a flange on the waste outlet.

This toilet is secured to the floor using supplied floor anchors and bolts. If your flooring is thin Oriented Strand Board (OSB) or a similar flooring material, it is recommended that 1/2” plywood be attached to the bottom of the subfloor at the anchor positions for additional support.

Install this product according to the installation guide.

Product Specification

Rite-Temp pressure-balancing valve shall have a brass valve body. Product shall include a Rite-Temp pressure-balancing diaphragm design valve with a one-piece diaphragm cartridge design for ease of maintenance. Product shall have mixing valve cycles from “cold” to “hot” and a high-temperature limit stop for added safety. Product shall be available without (-K) or with screwdriver stops (-KS), or with screwdrivers stops with female connections for CPVC adapters (-KP), or without screwdriver stops with PEX connections (-PX). Valve shall be Kohler Model K-304--NA.
Installation Notes
Install this product according to the installation guide.
Avoid cross-flow conditions. Do not install a shut-off device on either valve outlet.
Cap the shower outlet if a deck-mount spout, diverter, or handshower is connected to a spout outlet.
Install a straight pipe or tube drop of 7” (17.8 cm) to 18” (45.7 cm) with a single elbow between the valve and wall-mount spout.
